

# GLASGOW STREET PASTORS

STREET PASTORS CONNECT WITH RAW NEEDS ON THE STREETS. THIS IS WHY WE MUST PRAY.

## Prayer is a strategic key to Street Pastors success!

In every city where Street Pastors operate, there is a decrease in street crime. These courageous men and women are breaking down the walls of the church and are going into the streets with the compassion of Jesus. It is not easy. On any given night, Street Pastors will encounter homelessness, drunkenness, anger, violence, loneliness, despair, hopelessness, and a host of other concerns that normal churchgoers rarely see.

This is why they pray. A Street Pastor cannot deal with all of these things in their own strength. They need God's strength and intervention.

Sharmaine Rowling is our new Prayer Coordinator and is looking for others who are willing to join her in supporting the Street Pastor effort. If you would like to join her, please contact us and let us know.

### Prayer Pastors Gathering

On the evening of April 29, 2011 we will be offering our first Prayer Pastors gathering. There will be teaching on prayer and how to pray effectively for the Street Pastors. We are asking all Street Pastors to contact their prayer partners and encourage them to attend this very important gathering. We need more breakthroughs - and prayer is the answer.

Please pray for divine appointments as we are on the streets. We need to be at the right place at the right time. God knows who we need to meet, so it is very important that we are led by The Holy Spirit.

**DIVINE APPOINTMENTS**

We have a wonderful crew of Street Pastors but we need several more in order to fill all Friday nights. We are setting a goal of recruiting 50 new Street Pastors by Autumn. Please pray for this expansion.

**MORE STREET PASTORS**

The Urban Trinity is a wonderful concept. Please pray that we maintain our good relationships with Glasgow churches, Strathclyde Police and Glasgow city government

**FAVOUR**
